

Technical Data Sheet

Product Code:

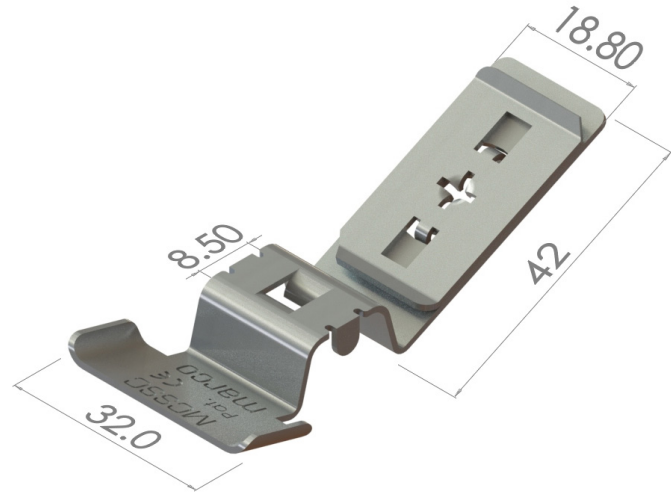

MCSSC

Product Description:

Side support coupler to fit MC5550 - MC55200

Product Dimensions:

42 x 32 x 0.9mm

Utilisation:

Couple steel wire cable trays
Locked in place using hex screwdriver

Applicable Standards:

BS EN 61537 (Cable tray systems)
BS EN ISO 1461 (Hot dip galvanized coatings)

Product Specification:

Manufactured: Power pressed from stripped steel

Material Specification:(if applicable)

65Mn Sprung Steel

C	Si	Mn	P	S	Cr	Ni	Cu
0.65%	0.21%	0.96%	0.012%	0.007%	0.02%	0.03%	0.11%

Yield Strength	855 MPa
Tensile Strength	1050 MPa
Elongation	19%

The above are typical test results and do not constitute any part of a specification

Finishes:

MCSSC - GT 321 (Geomet®), suitable for use with EZ, HDG and PG cable trays

Additional information:
